The run is on the Pukekohe side of the motorway through our pleasant rolling countryside ending up at the Wrights Water Gardens at Patumahoe. The run includes a quiz for you and your navigators to keep you warm.

There is parking at the gardens for the Model As. The café there is called the Frog & Lily; with an indoor and outdoor seating area. We can bring our own food and drink or order a lunch meal or a light snack.

If the weather permits the water gardens is worth a wander. This will need a pair of walking shoes and it would be worth bringing a plastic bag and a spare pair of shoes.

Cost \$8 (\$6 for 65+) per person.

And if you feel the urge to continue in the area for the day there is a couple of small shops with vintage and interesting artefacts in Patumahoe which are open on Sundays and evening meals available at the Patumahoe Hotel or The Kitchen.
